KURRINDA ON THE TRACK

SATIN STILETTO

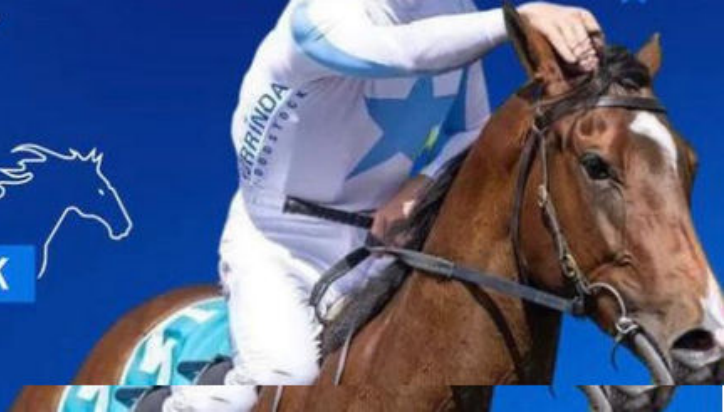

30/11 WARWICK FARM 740M TRIAL 3RD/5

Satin Stiletto stepped out to the trials for the first time in her career after pleasing her trainer Matthew Dale in her work at home. She continued to step up and tick all the boxes, as always, especially with these 2-year-olds who are still only babies. We will always be guided by the horse, but Satin Stiletto let us know it was time for her to step out at the trials. She showed a very professional attitude in the trial, jumping well. She sat three wide and travelled well, cruising into the home straight only beaten 1.66l. Jockey Tyler Schiller didn't ask too much of her, going to the line well under a hold. A very promising trial.

BOSTON ROCKS

30/11 NEWCASTLE 950M TRIAL 1ST/9

Boston Rocks made his much-anticipated return to the trials at his local Newcastle track under jockey Mitchell Bell. He pinged the gates putting himself right outside the leader. They quickly put a few lengths on the rest of the field. On turning into the home straight, Boston's ears pricked, went by the leader with ease. He showed a high cruising speed and never came out of 2nd gear, setting the fastest trial time for the day in the process. He has come back physically even stronger and is in for a very exciting prep.

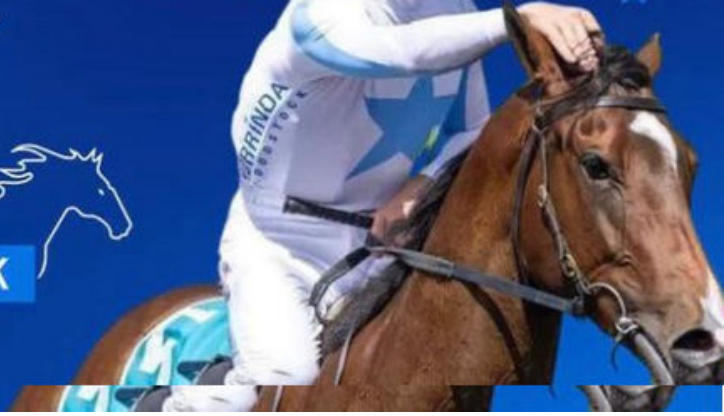

SOVEREIGN DANE
30/11 NEWCASTLE 950M TRIAL 3RD/8

Sovereign Dane rounded out a busy day at the trials for the team as he stepped out for his second trial this preparation. He jumped fairly, jockey Mitchell Bell used his good barrier to find the lead easily. He travelled very kindly and wasn't asked for much of an effort, finishing third in a bunched finish to set him up nicely to head to the races.

SOVEREIGN DANE
16/12 NEWCASTLE 1350M 4TH/9

Sovereign Dane got his prep underway over the 1350m at Newcastle, a trip shorter than his ideal distance but a good starting point for his prep to kick off. A tricky barrier was always going to prove a challenge but he jumped well under jockey Mitchell Bell who sent him forward looking for the lead. Unfortunately, the rank outsider decided to kick up and pester us for the lead. With no let up in the blistering sectionals, it was always going to be a task to have a kick in the finish. In saying that, he was very brave in staying on for 4th when you consider the leader dropped right out to be beaten over 15 lengths. A pass mark for his first run this prep and we are sure he will take a lot of improvement from this. He will no doubt benefit from finding a race that isn't run at such crazy sectionals.

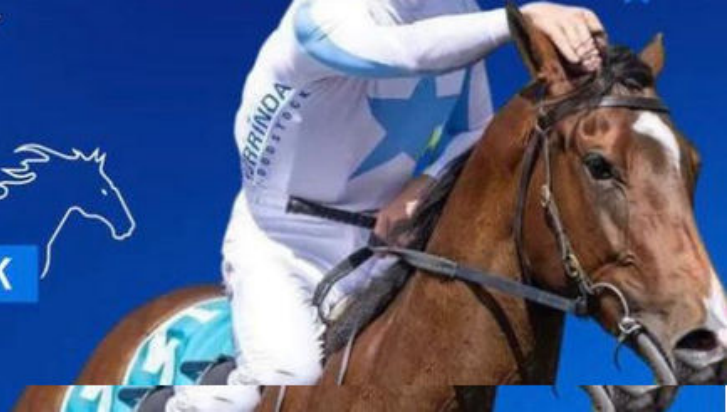

SATIN STILETTO

09/12 EAGLE FARM 1000m 3RD/9

Satin Stiletto stepped out at Eagle Farm to make her racecourse debut in the Listed Calaway Gal Stakes over 1000m, the same race we won last year with Malaboom. She went to the races in great order, and despite her price, we felt she was a genuine top-3 chance. Partnered by jockey Damien Thornton, she jumped fairly and was put into a nice spot behind the leaders. As they turned into the home straight, she got boxed in with Damien having to switch her to the outside to get a clear run. Once she balanced up, she hit the line beautifully and fought all the way to the line to hold down 3rd spot and secure that elusive black type for her pedigree. She already has a pedigree that has received significant updates from her Group 1-placed half-brother, I Am Unstoppable. Satin Stiletto has provided her ownership group with a huge return on their investment already, with her value skyrocketing. She is a filly who looks to have a bright future ahead of her both on and off the track. She was expertly presented by the Matthew Dale team. She is now enjoying a well deserved spell after a fantastic first prep. Congratulations to all her ownership group.

BOSTON ROCKS

16/12 ROYAL RANDWICK 1100m 1ST/10

Boston Rocks made his return for the prep off the back of just one very impressive trial win we felt this race suited him well to bypass a 2nd trial and head straight to the races. This would be a step up in grade and his first attempt at Saturday grade in Sydney, he drew a great barrier and with leading Sydney jockey Tim Clark on board we felt the race mapped beautifully for him. Boston jumped well and got a great spot behind the leaders. He travelled smoothly throughout as they got to the 400m mark, and Tim angled him out still under a hard hold with 300m to go Tim got to work on Boston who quickly asserted hitting the front to score by 0.57 of a length, but was never in doubt and value for a lot more considering it was his first try at Saturday grade and going there off the back of just one lead up trial. He will take a lot of improvement from the 1st up run. Tim Clark gave him a 10/10 ride and was full of praise for this exciting galloper who looks to have a very bright future ahead of him. Congratulations to everyone involved in him and a massive thank you to the Nathan Doyle stable for having him spot on.

A GUINEA

22/12 WARWICK FARM 816m TRIAL 5th/8

It was great to see the lightly raced A Guinea return to the trials after almost a year off due to injury. We have shown a great deal of patience with this 4-year-old who boasts an impressive record of 2 wins from just 6 starts to date and has shown he still retains plenty of ability after his trial under jockey Tim Clark. A Guinea was given a very quiet time in the trial and not asked to do much. He travelled beautifully and showed a lot of zest, indicating he is loving being back in work. This was his first trial for his new trainer David Pfeiffer who has done a great job with his rehabilitation. He has come out of the trial well and will look for a second trial before getting back to the races.

SUPER NORWEST

28/12 ORANGE 1010M 4th/10

Super Norwest kicked off her campaign with a tricky assignment due to the lack of races in the upcoming program to suit and having to contend with a tricky barrier. Bearing that in mind, she ran huge considering. In a race with plenty of speed on, Jockey Louise Day did the right thing in taking her back. She settled well and although not the most straight forward run home, she flew down the outside running a super last 600m to finish 4th only beating 2.45 lengths. Another stride and she finishes 2nd. This was definitely her most tractable run to date and leaves us excited to see her step up to the 1100m next start where we are sure she will be hard to hold out. Great first-up run and will take plenty of improvement from that. She is in for an exciting prep for her group of owners.

GET TO KNOW

OWNER for the month of December is first-time owner David Gantley. Dave recently got involved in the exciting 2-year-old Private Harry, who is not far off having his first trial.

QUESTION TIME

Q- How did you initially get interested in racing?

A- My initial interest in horses started with my dad getting us into ponies and from there we made a little business out of buying and selling a few every year.

Q- What is the best race you have ever seen?

A- Sea the Stars winning the Prix De L'Arc De Triomphe in 2009 representing Ireland, he had a few doubters but he proved them wrong.

Q- What is your favourite racing moment?

A- My favourite racing moment is not really one moment but two, seeing Tiger Roll winning back-to-back English Grand Nationals was very special, he was a small horse but a huge heart.

Q- If you could own any horse of any era, who and why?

A- Chautauqua, he was so exciting to watch coming from the back with that turn of foot. And he showed personality too, he let everyone know when he wanted to go down a different career path.

Q- If you could attend any race meeting in the world what would it be?

A- One meeting I would like to attend I have actually been to a few times and that is the Galway racing festival. I just love it, a great week and I'd go every year if I could.

Q- How does the racing differ from Ireland to Australia?

A- The racing differs a lot from home, in particular the prize money, but one of the biggest things and one I miss is the National Hunt (jumps) racing. It's much bigger at home and would be on par with flat racing. I loved the battles between Ireland and Britain at the jumps festivals even though we would always beat them.

Q- If you could invite 3 people dead or alive to dinner who would you choose?

A- Roy Keane, Post Malone and my friend Kevin who unfortunately passed away in 2012.

Q- Why would you recommend someone to get involved and join Kurrinda Bloodstock?

A- I would recommend someone to become an owner with Kurrinda Bloodstock because from the start to finish the process was hassle-free. Being an owner with Kurrinda is much more affordable than I expected and I really like the type of horses the team buys.

Quickfire round

Q- Winx or Black Caviar?

A- Winx

Q- Melbourne Cup or TAB Everest?

A- Melbourne Cup

Q- Beer or Wine?

A- Beer

Q- Home cooked meal or pub feed?

A- "Mammy's home cooked dinner"

Q- Best place to watch the racing?

A- Love a few beers at the pub watching the races
