KURRINDA ON THE TRACK

SOVEREIGN DANE
3/2 NEWCASTLE 1500M 7th/9

Sovereign Dane was looking to go back-to-back at the Newcastle track, but things didn't quite go to plan. He was well in the market as you'd expect after a good last start win and partnered this time by jockey Koby Jennings. Sovereign jumped well and found the front without too much trouble but unfortunately, this is where things went downhill. Koby elected to allow Sovereign to push forward under no pressure for the lead, setting what can only be described as blistering "Group I" level sectionals unnecessarily, which left nothing in the tank when it came to the straight, a very disappointing run through no fault of the horse and a complete forgive!

SUPER NORWEST
10/2 ROYAL RANDWICK 1200M 5th/17

Super Norwest went to Royal Randwick to tackle a very competitive Highway and is looking to back up her impressive last start win with promising young jockey Olivia Chambers retaining the ride. Jumping fair, Super Norwest rushed through to take a handy position behind a hot tempo. She was keen throughout the run, which can then lead to them lacking a kick in the finish. In saying that, she showed a lot of heart and was right there with a winning chance, outrunning her odds of \$51, only getting tired in the last 50m to get beaten by some in-form horses. With the form already being well and truly boosted, Super Norwest was beaten by less than 2 lengths at her first try at this grade, a huge effort, and no doubt she is right up to this level. She is now having a well-earned spell after a great prep, exciting times ahead for her ownership group.

Super Norwest winning impressively at Goulburn.

QUEENS RHAPSODY

26/2 WARWICK FARM TRIAL 800M 4TH/8

Queen's Rhapsody stepped out for her debut racecourse trial. Despite being a So You Think, she always showed us signs of being quite forward and precocious, so it was no surprise to see her make it to the trials this prep. Jockey Adam Hyeronimus was full of praise post-trial for how she acquitted herself. Jumping slow, she showed plenty of natural speed to muster and rail. She wasn't a big fan of the kickback but didn't let that hold her back. Showing her toughness in the straight, she travelled nicely. When Adam gave her a little squeeze, the response was immediate. She was only beaten 2 lengths by some more experienced rivals, with a bob of the head in it for second place. What was most impressive was the way in which she hit the line. 50m after the post, she was right beside the winner and looking for further. She is a filly that looks to have considerable ability, much like her older brother Boston Rocks. She will now have a well-earned break and will take a lot from this preparation. Very exciting times ahead for all of her ownership group.

HALF CROWN
28/2 DOOMBEN 1350M 3RD/12

Half Crown resumed for a great first-up run. This horse is just so honest, he doesn't know how not to try every time he steps out. With the ground on the dry side for his liking, he still ran a fantastic race for his ownership group. Jumping well, he sat in a nice position three back on the rail under jockey Michael Rodd. Half Crown travelled well throughout the run. He got a split down the fence and was very brave; getting headed by the swoopers down the outside, he fought back to claim 3rd. He has now placed at metropolitan grade, not bad for a \$5k yearling purchase. He has always been Sean's favourite horse to have around the farm and cements his claim to that with another great run. He looks in for a big prep for his owners.

Half Crown winning 2nd up last prep lets up he can repeat that this prep!

EARLY EDUCATION

We have had a number of our yearling purchases for 2024 commence and complete the first stages of their early education process. We like to keep it as natural as possible and try to replicate a similar process to what these young babies' routines will be once they are in the stables during their racing careers. We work closely with our breakers and handpick who we believe to be some of the very best around to ensure these young yearlings have the right foundations to succeed on the track.

GET TO KNOW

The owner for the month of February is Greg Hayes. Greg has owned racehorses for a number of years and has a share in the very exciting 2yo filly, Queens Rhapsody, who recently stepped out at the trials.

QUESTION TIME

Q- How did you get the initial interest in horse racing?

A- Coming from a family who owned and trained greyhounds, was probably the influence. But I was always into the horses, my first share was in my early 20s.

Q- What has been your personal favourite racing moment as an owner?

A- My first winner, after shares in a dozen or so horses over the years, a horse called Palasport won, my bad luck had finally run out (haven't looked back since).

Q- Best race you have ever seen?

A- Bonecrusher and Our Waverley Star (go and watch the replay).

Q- If you could own any horse of any era, who? And why?

A- Might and Power 1997 Caulfield and Melbourne cup double, he was a front runner that was always hard to get past. Biased as I had the running cups double at 100/1.

Q- One meeting or racecourse you would love to attend?

A- Everest Day, in a function room (now that's being spoilt).

Q- Having owned horses for a number of years, why would you recommend people get involved in racehorse ownership in Australia?

A- Obviously, the prize money is second to none here, but it's the people you meet, whether they are in your horse or in a different horse, you are forming relationships, then you're taking phone numbers and texting each other good luck on race days.

Q- If you could invite 3 people to dinner, dead or alive, who would you choose?

A- Tommy Raudonikis (one tough footy player), Peter V'landys (love his foresight), and Bart Cummings (some of his one-liners, the most famous one, cost you nothing for patience).

Q- What would be your advice to someone new looking to join a syndicate and get involved?

A- I now have shares in five horses at the moment, say I can afford 10% in a horse, my recommendation is to have 4 shares at 2.5%, that way you don't have all your eggs in one basket and you're going to have an interest throughout the year. Then invest once a year, so you have your next yearlings coming through.

Q- As a first-time owner with Kurrinda Bloodstock, why would you recommend someone to become an owner with us?

A- Just plain honesty about your horses, they are very transparent. The updates, newsletters, and the episodes on the podcasts with interviews of jockeys, trainers, etc., provide an insight into who they are.

Quickfire round

Q- Black caviar or Winx?

A- Winx

Q- Melbourne Cup or Everest?

A- Everest

Q- Beer or wine?

A- Beer, but Jack Daniels any day!

Q- Watching the races at home, the pub, or attending the races?

A- Home, but races if I have one running.
